M.L.A. Takes Offence At Newspaper Article

(The following letter was not addressed to this office but to that of the Carstairs News. We reprint it with the feeling that it will be of interest to our subscribers. We quote):

A statement in a recent issue of The Carstairs News that eleven million dollars was going down the drain in the payment of \$20 dividends to the citizens of Alberta, calls for some comment and clarification.

In the first place the Government of Alberta received into the public treasury for 1956, three hundred million dollars. This money is the people's money, every cent of it. The government is elected by the people to administer and manage the affairs of this province. They disburse money for the various departments, such as highways, hospitals, schools and a myriad of other benefits demanded and needed by the people of this province. The gas and oil dividend of eleven million is one-third of the royalties, or one-third of the entire revenue taken into the provincial treasury. The government, in spending the other 29/30ths of the revenue, ear-mark or tell you how you must spend that money — so much for highways, so much for schools, hospitals, welfare, etc.

The government decided to let the people of Alberta spend 1/30 as they see fit. They may reduce taxes, pay hospital contracts, buy shoes, car licenses, books, clothes, insurance, or just food and drink. It is their money and the government of Alberta thinks the majority have intelligence enough to spend it usefully. It is eleven million dollars worth of new purchasing power, and will do many millions more in business at a time when the farmer and merchant are hard pressed for cash. Alberta is fortunate in being the only province in Canada providing a higher standard of public service than any other province — with eleven mil-

RELEASE HER, PLEASE !!!

Hospital attendant to husband: "Your wife has been delirious all day; calling for you and crying about money."

"Delirious, nothing! She's back to normal."

Additional dollars to return to the citizens.

If money spent for clothes, shoes, licenses, food, household appliances, school supplies, tax reduction, is money down the drain, then let us have more for such purposes — and we likely will as time goes on.

As a member of the Alberta government I am proud of that piece of legislation which allows the citizens of this province to share in our common heritage — a share that will do more people more good than any act of previous legislation. It is difficult to understand the view of some people who criticize increased taxation, yet openly disapprove the return of their rightful share in this province's wealth.

In my travels through the constituency I find the majority of the citizens approve of the plan, and in the future which lies ahead the payment of a portion of our natural resources to the individual will, in my opinion, meet with almost universal favor and support. (Signed)

Lawrence Owens, M.L.A.

(Carstairs Editor's Note: "We must have been talking to different people. It's still money down the drain.")

(Didsbury Editor's Note: "After reading the 'piped story' from our very ambitious (?) M.L.A. we will back up the feeling of our neighboring editor, and double it.")

Board Of Trade Plan Shopping 'Do'

At a Monday meeting of the Didsbury and District Board of Trade, it was decided to hold a shopping carnival in the very near future. All merchants interested are asked to contact John Folkman as soon as possible.

A committee consisting of Dave Jenkins, Alex Easton and Alex Keim were designated to look after street lighting for Christmas.

Parking areas were discussed and delegates were appointed to contact the C.P.R. for lots opposite the main street. Other areas were also discussed.

The board will contact the provincial government as regards leading-in signs from the new highway.

A fish pond was one item on the agenda and this matter will be taken up with the Fish and Game Association.

CREMONA NEWS

(From Our Own Correspondent)

Mr. Walter Murray, student minister at Water Valley and Graham communities, left Monday of last week for the east, where he will resume his college studies.

The first fall meeting of the C.G.I.T. group was held in the church on September 18th.

The Home and School Association met at the school on Wednesday evening, Sept. 18th, with approximately 40 parents present.

David Whitlow, who was hospitalized from a car accident on Sept. 14th, with a badly bruised back, home again. Though still stiff, David expected to be back at school this week.

The sympathy of the district is extended to Mr. and Mrs. C. Holbrook in the loss of the former's cousin, Mel Holbrook. Mel was killed while working with a highway crew.

Dr. Lee, of Didsbury, is going to come out to the hotel on Wednesday, from two to four o'clock, starting on September 25th.

Mrs. Betty Whitlow is the new assistant in the Credit Union office.

Lawrence and Robert Bergeson returned home from Trail last week.

What To Do With The Flu . . .

You'd better become a snob if you don't want to be bitten by the Asiatic Flu bug.

You may be forced to give up that miracle diet even if it means you won't be able to squeeze into your winter clothes.

And if you, in love, just develop a romantic handshake and give up kissing for the "duration."

The easy-to-follow set of rules has been prepared to help reduce the number of victims if Asiatic flu strikes this country in epidemic proportions.

They add up to the fact that aloof manners are one of the best defenses you'll have if you can't get a shot of the new flu-fighting vaccine.

If the flu should break out in your town, get away from the crowds. Breaking a date for the big dance may be what saves you from waking up with a cough, muscle aches,

chills, fever ranging from 102-4 degrees, headache and sore throat.

If you've got a cold, start snubbing even your best friends. Stay home and don't answer the doorbell.

Callers may bring in new germs.

Stay away from those who do not use a handkerchief. During the "flu epidemic" the germs he sprays make him a menace.

If you're existing on cottage cheese to trim down an embarrassing wasteline, you had better risk gaining a few pounds. Doctors advise plenty of rest.

Romance is taboo. The Asiatic Flu bug flourishes in the nose and mouth. So when your girl friend snuggles up close, play it tough like those hard-to-get Hollywood movie heroes.

But if you become the most astute person in the town and still catch the flu, here's what to do:

Go to bed as soon as symptoms start.

Call your doctor.

Keep warm and stay away from drafts.

If you get out of bed, put on a warm robe and slippers.

Eat simple foods that agree with you.

Stay in bed until your doctor decides the chances of your catching pneumonia have passed.

WELL KNOWN HERE: KILLED IN ACCIDENT

Mr. Malcolm Stewart Holbrook, aged 23, was accidentally killed in a construction job on September 16. The deceased was well known in the Didsbury and Cremona districts. The accident occurred at Drayton Valley.

Mr. and Mrs. Reid Clarke, Bonnie and Norman, attended the funeral in Mayerthorpe.

Photographer's Hunch Finds Boy

A Boston Globe photographer's hunch turned up 7-year-old Richard Gage in Medford, Mass., sound asleep on a neighbor's porch after he had been missing seven hours. The photographer began a lone search for Richard after police failed to locate him. He figured a little boy who had missed supper and become nervous about the consequences might seek shelter on the neighbor's porch. Sure enough, Richard was there.

Farmer Suffers Serious Injuries

Henry Gore, farmer of the Lone Pine district, is in Olds hospital as a result of another farm accident which occurred last week. The accident, which broke his right leg in a number of places, occurred at the farm home while he was swathing a crop.

Mr. Gore was just rounding a corner of the field, and the power take-off was swinging. He moved his foot slightly and it entered the path of the take-off and immediately his clothing became entangled, dragging his leg into the machinery.

He managed to hang on to the tractor, which was on the move, and by sheer effort reached the clutch handle, disengaging the take off. This effort probably saved his life.

He was enmeshed for some time and retaining his faculties was able to call for help. His wife was listening to the radio, and was unable to hear him. However, Darryl Turner heard the call and along with Otto Knecht rushed over to the field.

An ambulance was called and he was taken to hospital. It has been revealed that every bit of his clothing, except for the top part of his shirt, was torn from his body before he could stop the tractor. The tractor power take-off was being used to tow a binder for swathing and there was no guard on the take-off.

She's Still With Us !!

My mother-in-law has come to stay with us. With her blonde hair, and her "fifty" bust. When she came to our little wee house. There was hardly room left for a mouse!

She was always thinking of days gone by. When she came to our little wee house. There was hardly room left for a mouse!

With her dimpled chin, and her shoes size eleven. She has started on a journey to Heaven.

I hope the dear soul will soon be there. So that I can again relax in my easy chair.

Now you can always find her above my easy chair. Trying to ruffle my thinning hair.

But she won't worry me. none at all.

For we just hung her picture on the wall.

(E. Coombes)

ZELLA NEWS NOTES

(From Our Own Correspondent)

Miss Irene Christensen has been recuperating at her parental home following an operation in a Calgary hospital.

Charles Metzner of Calgary was a weekend visitor at the home of Mr. and Mrs. John Hansen.

The proceeds from the bake sale sponsored by Zella Community Club held recently, netted \$30.00. Twenty dollars will be donated to the Didsbury rest room fund and \$10 to the Olds rest room.

Congratulations to the birth of son, Vic Johnson on the birth of son, Mr. and Mrs. Ronnie Toppin.

Mr. and Mrs. B.C. are the parents of another son, Roy Fredrick.

Mr. and Mrs. Bill Eggen entertained at a family dinner on Sunday.

Eight members and three visitors were present at the Community Centre for a meeting of Zella W.I. on September 19. Roll call was a small plate for the Community Centre.

Net proceeds from the Country Fair was \$15. This sum will be donated to the Didsbury rest room fund.

To date Mrs. E. Lowrie has personally collected \$64.00 for the Cancer Society. The W.I. voted to donate \$10 to the society.

A letter of thanks was received from Mrs. Habermehl for the vegetables received by the Senior Citizens' Home after the Country Fair.

Mrs. J. Hansen, for her educational topic, read an article on "The Eye Donor Plan," instituted by the Legion for the C.N.I.B.

Date for the annual bazaar has been set for Friday, November 29. Meetings will again be held in the afternoon, with the next one at the home of Mrs. Anton Open on Thursday, Oct. 17th.

Westcott W.A. Opposes More Liquor Outlets

A record number of ladies gathered at the Westcott Church for the first W.A. meeting of the season.

Mrs. R. Shantz led the devotional and Mrs. G. Youngs gave a very interesting talk on missionary work in South East Asia.

Rev. Palmer outlined the purpose of the newly organized church groups, which is campaigning against further liquor outlets in the province.

Just For The Record . . .

A very interesting calendar was handed to us across the counter the other day. It has a picture of a "Red Coat" as an illustration and was issued in the year 1912 by the Traders Bank of Canada, who were operating out of Didsbury at that time. Found in an old manger on the Watson estate, it is in perfect condition, and reveals that R. A. Macpherson was manager of the Didsbury branch at that time; the capital and surplus figure is shown as \$6,650,000. We'll tack it on our wall for a few days for any interested persons to view.

Just For The Record . . .

While things are really humming on the road-work project within the town limits and good progress being made, that deal on the entrance road from the main highway is moving, and that's all! Seems like a shake-up is needed somewhere, but soon! Could be the construction crew are from the far south and don't realize that speed is of the essence. We could have a foot of snow here any day now; then what gives? One main road closed for the season?

Just For The Record . . .

Talking sportswise it hasn't been too active in some departments this year but we do know the Little Leaguers had a fine opening season, the golf club has enjoyed one of its better seasons, the hunters and fisherman aren't going short, but there still seems to be something lacking for the younger set. The playground plan will take some of the pressure off, but wouldn't a swimming pool make the big difference?

Just For The Record . . .

You've heard about it, read about it, maybe even had it, but please don't underestimate it. (We're speaking of this new-angled 'flu that's reported as floating around in these parts.) They say it's closer than we think. We're not plugging for the M.O.'s, we love 'em all, but should you feel that feeling coming on, check with your doctor — he's the lad who knows much more about these angles than we do. At our tender age a few days in bed sounds much more appealing than a life sentence somewhere else.

Just For The Record . . .

We have another definition of an observant man: "One who noticed that Lady Godiva rode a white horse."

SERVICE BOARD NOTES

By —
W. K. SNYDER
Agricultural
Service Board

1080 COYOTE POISON: During the past summer and especially of late I have been receiving reports that there are increasing numbers of coyotes again working their way back into the district.

The Agricultural Service Board is again faced with the decision of whether to introduce the 1080 poison program again for the winter. We would like to be guided by the opinion of you cattlemen and poultrymen. I would like to emphasize that we never have and don't now entertain any ideas of a coyote extermination program. We feel that a balance of nature should exist whenever possible.

However, there have been times and places when certain types of predator animals have become too plentiful and control measures become necessary to safeguard livestock and poultry. 1080 is a very deadly poison and can only be used under the most rigid supervision. Baits must be set where they will be at least one mile from habitation and no more than one bait per township. If we receive sufficient evidence that a 1080 program is wanted and needed to control coyotes, we will make the necessary arrangements to put it into operation as soon as the cold weather comes.

WEDDINGS

GILLIE — SMITH

Baskets of summer flowers banked the altar of the Immanuel United church on September 2nd, for the marriage of Grace Maxine, second daughter of Mr. and Mrs. Norman Smith of Immanuel to Mr. Russell Benson Gillie, fourth son of Mr. and Mrs. Russell Gillie, of Didsbury.

Rev. R. G. Kigour performed the double-ring ceremony. Given in marriage by her father, the bride chose a white floor length gown of lace and tulle over satin. The lace bodice was embroidered with seed pearls and sequins and featured lily point sleeves. The tulle bouffant skirt had a lace insertion embroidered with sequins. Her fingertip veil of illusion tulle was edged with matching lace. She carried a white bible, a gift of her grandmother, Mrs. M. E. Ganson, mantled with red sweetheart roses and rosebuds knotted on white satin streamers. Her only jewellery were pearl earrings and necklace, a gift of the groom.

Identical waltz length gowns of crystal charm, featuring bouffant skirts and large bows tied at the waist, were worn by her attendants. The maid of honor, Miss Joyce Smith, sister of the bride wore tangerine and carried blue tinted carnations. Bridesmaids, Miss Barbara Black and Miss Donna Smith, cousins of the bride and Miss Margaret Vincent of Red Deer chose sapphire blue, seafoam green and sand respectively. They wore matching headbands and carried kocomo carnations.

A rose, nylon dress and match set headband were worn by the flower girl, Miss Hattie Gillie, niece of the groom, who carried a basket of white mums and pink roses.

The ring-bearer, Master Andrew Mundie, nephew of the bride, was dressed in dark trousers and white jacket.

The groomsmen were Mr. Don Gillie, brother of the groom. Mr. Carl Wilson of Drumheller was the best man and the ushers were: Mr. Douglas Smith, cousin of the bride and Mr. Larry Gillie, brother of the groom.

Mrs. Carleton Leeson of Didsbury played the wedding music. Miss Marlene Ansett of Okotoks sang, "The Wedding Prayer" in the ceremony and "Through the Years" during the signing of the register.

To receive the guests at the reception in the Kneel Hill Valley hall, Mrs. Smith wore a figured gown, dress with black and white accessories. The groom's mother, Mrs. Gillie chose a navy blue lace dress with pink and white accessories. Both mothers had corsages of pink roses.

Some 90 guests were entertained to the Horse Shoe Lake W.I. The toastmaster Mr. John Smith, proposed the toast to the bride which was replied to by the groom. Mr. Don Gillie proposed the toast to the bridesmaids.

Sister-in-law of the groom Mrs. Kenneth Gillie sang, "Because" A telegram was read from the bride's aunt of Peace River.

Out-of-town guests were from: Didsbury, Taber, Drumheller, Calgary, Red Deer, Ponoka, Wimbome, Carstairs, Okotoks.

For the honeymoon trip to Great Falls the bride wore a charcoal suit with black and white accessories. Upon their return, Mr. and Mrs. B. Gillie will reside in the Horse Shoe Lake district.

Tax Ghoul Lurks Lurks By Graveside

Succession duties are the least justifiable and the most destructive of all taxes.

They are unjustifiable because the Crown can have no just claim on the savings of a man who has paid all his obligations to it during his lifetime; nor can it have any moral right to confiscate any time of an estate against which it has no just claim.

These taxes are destructive because, when a man dies and his business is deprived of its head, they step in and rob it of its liquid assets, and frequently compel it to go into debt so far that it can no longer carry on.

If the public knew how many privately-owned businesses had been forced into liquidation and their employees thrown out of employment by the exactions of this tax they would insist on something being done about it.

Wherever we go, we meet men who are worried about what will happen to their dependents when this tax lays its paralyzing hand on their business, and they themselves are no longer here to guide it through its difficulties.

The only reason the government is able to get away with this destructive tax is that it doesn't strike till the man himself is dead, and dead men can't fight back.

Like the ghoul at the grave it waits till the man is dead before robbing him.

On moral grounds the tax should be abolished immediately. But governments want more than moral justification before sacrificing such a source of easy revenue as this.

We suggest that a commission be appointed to study the working of this tax, to find out what hardships it creates, and the extent to which it destroys legitimate business.

YOUR DISTRICT
HOME ECONOMIST
WRITES . . .
By HELEN HOWARD

Hi Homemakers:
How do you start your day —
fall of zing and ready to go, or worn
around the edges and with a
grogginess? A smooth take-off will
help the day to go right for you
and your family. Are you a break-
fast skimpers? Breakfast is a very
important meal and it takes a lot
of ingenuity to plan a breakfast
that will tempt tired appetites.
Here are some suggestions that
add a bright note to breakfast.
Don't let fruit on your morning
menu be a bore:

Cranberry or loganberry juice
will brighten up the usual citrus
fruit juice. There's no rule that
says your breakfast can't be allied
tomatoes, half a cantaloupe or
other fresh fruit; a fruit punch
made from a combination of fruit
juices and sugar ale.

Ever think of a poached egg or
creamed ham on shredded wheat
biscuits?

Scrambled eggs can be dressed
up with a pinch of herbed
bacon, ham or sausage; or by
sprinkling with grated cheese.
Toast is the most tired breakfast
food. Don't get into a toast rut!
Even a little variety in the bread,
cracked wheat, rye, raisin or fruit
loaf will help. French toast, cin-
namon toast, hot muffins or bis-
cuits, pancakes or waffles are a
welcome change.

If you use double acting baking
powder you can prepare waffles or
pancake butter or biscuit dough
the night before and store in frig
overnight. This saves your precious
time in the morning.

Milk for breakfast is a must for
youngsters and teen-agers. Milk
may have more appeal for them in
these a.m. hours if you make a
fruit drink of it. Add 1/2 cup of
fruit juice (prune, grape, apricot,
pineapple or any others) to one cup
of milk; or 1/2 banana and one
teaspoon sugar to a cup of milk.

Breakfast can be a meal that the
whole family looks forward to
eagerly if you spend a little time
planning something new and excit-
ing in place of that weary old
toast and coffee routine. And you
can feel sure that your family are
getting a good start in the day nu-
tritionally, if they get a good break-
fast.

Briefly, the fashion forecast:
— Short, skirt; unwaisted dresses,
tubes and sacks; no collars; big
bulky coats, not fitted; belts low or
lost; lots of fur; green coming up.
CALLING ALL GIRLS

Would you like to spend six
months this winter getting a practical
education in Home Economics,
as well as having a wonderful ex-
perience living in residence, taking
part with other young people in
sports, public speaking, "Lit Soci-
ety", music and in general a lively
social life? Who wouldn't, you say?

The Olds School of Agriculture
and Home Economics offers you
just such a chance and there's still
time to get your application in.
Write to this office or to the prin-
cipal of O.S.A. for application
forms.

RIGHT ON TIME . . .

The housewife was still sitting at
the breakfast table, having her 8 1/2
cup of coffee and trying to decide
whether to get dressed, wash the
dishes, or maybe look at television,
when she heard the garbage can
outside. She dashed through the
back door, her hair in curlers, face
unmade, and wrinkled old bathrobe
askew.

"Am I too late for the garbage?"
she asked.
The garbage man took one look
and said: "No, ma'm. jump right
in!"

THE COUNTRY
PARTY LINE

The telephone is hung upon
the wall,
And is used by everyone
large or small.
When the little bell rings,
one, two, three,
That's a call for the wife,
or me.

But ours is what they call
a party line,
And some people listen in
all the time.
I am going to invent an
electric clock,
And give the old party line
a good hot shock.

When Clarence gives his girl
a ring,
All the folks just have to
listen in.
To hear what Clarence has
to say,
To his little sweetheart,
Rosie May.

Sometimes the party line
gets your ire,
But it's really handy, if you're
on fire.
For all the neighbors who
listen in
Will come a-runnin' with
a water tin.

We would hate to be without
our phone.
For it is the handiest thing
we own.
And I don't think it's too
much sin
For all the neighbors to
listen in.

So when our phone rent is
past due
We will send them along
a buck or two,
And stay right on the
party line.
Where you can get the latest
news — anytime!

LEARN ALL YOU CAN . . .
About Civil Defence — then if
atomic war comes, your chances of
survival are vastly increased.

CHRISTIAN SCIENCE

The unchanging, harmonious
nature of all that is created by God,
divine Mind, will be brought out at
Christian Science services Sunday.
"Reality" will be the subject of
the Lesson-Sermon. Scriptural ap-
plications will include the following
(Psalms 111:2, 7, 8): "The works of
the Lord are great, sought out of
all them that have pleasure there-
in. The works of his hands are
verity and judgment; all his com-
mandments are sure. They stand
fast for ever and ever, and done in
truth and uprightness."

Correlative passages to be read
from "Science and Health with Key
to the Scriptures" by Mary Baker
Eddy will include the following
(33:23-29): "Kind is the divine
Principle, Love, and can produce
nothing unlike the eternal Father-
Mother, God. Reality is spiritual,
harmonious, immutable, immortal,
divine, eternal. Nothing unspiritual
can be real. Harmonious, or
eternal."

This FALL for your GRASSLANDS and STUBBLE

BUY AND APPLY
NITROGEN

. . . the plant food your crop uses most
for bigger, better yields in 1958!

Your crops use more Nitrogen than any
other plant food — for example, 40 bushels of
wheat take away 47 lbs. of Nitrogen from your
soil; 8 tons of hays take away over 60 lbs.
of Nitrogen. This plant food must be replaced
or your crops will be starved.

Spread Elephant Brand High Nitrogen
Fertilizers* on stubble or pasture NOW! Next
Spring, even before you can get on your land,
grasslands are growing with fall-applied Nitro-
gen. Nitrogen put on stubble land this Fall
speeds decomposition and is available as vital
plant food when you seed in the Spring.

FOR GRASSLANDS

Nitrogen applied in the Fall means better
grazing growth. It means pasture is ready for
grazing earlier, feeds more livestock and re-
grows faster. When you can put twice as many
head on every acre, get them on the land from
3 to 4 weeks sooner in the Spring and keep them
there longer, you make more money.

What's more, forage grown with Elephant
Brand High Nitrogen Fertilizers* tastes better
and is richer in essential proteins and minerals
— you'll see the difference in fatter steers and
heifers or increased milk production!

Melting snows carry Elephant Brand High
Nitrogen Fertilizer to the root zone.

Contact your Elephant Brand agent today.

Didsbury Opera
Theatre

Friday and Saturday
SEPT. 27 and 28-

You can apply Elephant Brand High Nitrogen Fertilizer
with a Universal Fertilizer Attachment by removing the
bottom rods of the attachment from the top of the
grain ribbon tubes . . . with a worn-out grain drill with the
furrows spaced . . . or with a regular broadcast
spreader.

FOR STUBBLE

Nitrogen on stubble speeds up decomposition of
valuable crop residues. In Spring plant food from
both crop residue and Nitrogen Fertilizer is available
to the new crop. Young plants benefit immedi-
ately from the readily available food in Elephant
Brand High Nitrogen Fertilizers*.

When you choose your High Nitrogen Fertilizer*
from the Elephant Brand line, you add these benefits
to your Fall-Fertilizing program.

HIGH ANALYSIS —
more plant food in each bag, best
value for your fertilizer dollar.
HIGH AVAILABILITY —
all Elephant Brand's plant food
content can be used by the grow-
ing plant.
HIGH WATER SOLUBILITY —
dissolve readily in soil moisture
to give quick-acting, easily ab-
sorbed plant food.
FREE FLOWING —
Uniform pellet-sized granules;
fast and easy to apply.

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

President and Mrs. Taylor attended the dedication service of the Montgomery Missionary Church on Sunday evening, Rev. H. A. Traub, district superintendent of the conference, was speaker for the occasion. Rev. Ray Shantz is pastor of this new church.

Mrs. Elgin Hallman visited her aunt, Miss G. Eby over the weekend. Miss Eby accompanied her to Red Deer for a few days, leaving on Tuesday, to complete her summer vacation.

Ladies from the different fields of the conference will be cleaning the school during the next few days. The help of the ladies of the district and other places is always greatly appreciated. With their help it would be difficult to accomplish all that should be done each fall in preparation for school opening.

Mr. Taylor received a phone call Monday morning of the serious illness of Mrs. Schlitt of Camrose. Miss Iris Schlitt, missionary nurse in India, is being brought home by plane immediately and will be at her mother's bedside within a few days. The friends of Mrs. Schlitt, who is a graduate of the college, will sympathize with her at this time.

Perhaps we did not note in past columns that the ladies of the Edmonton church sent in a large quantity of canned fruit and jelly to the school recently. This is indeed a wonderful contribution to our pantry for winter use.

Up to now 103 books have been catalogued for library use during the past few days. These are all new ones, and were secured with a part of the student library project contribution. Possibly 300 books have been placed on the shelves this summer, most of them being contributions by friends from their individual libraries. Mrs. Lorence Eby has come to the assistance of the librarian and is filing the many cards in the library catalogue.

Kenneth Traub has been very busy doing carpenter work in the Ormand, Sherick apartment during the evening hours and on Saturdays. David has also done his bit in digging a ditch for the steam heat pipes for the two east apartments.

Mrs. Lloyd Stauffer has consented to cook for the school this coming winter. She will be assisted by Mrs. Lynn Hunsperger, who will come in one day each week and one weekend each month.

The four Eby families, with Miss Eby, met in the home of Lorence Eby on Monday evening for a get-together in honor of Mrs. Elgin Hallman of Red Deer.

LIGHT YOUR WAY WITH BIBLE STUDY

We are all acquainted with the words of David of old when he heard the heart-breaking news that his son Absalom had been killed. We can hear the stricken father cry: "Absalom, my son, my son."

Many parents have had a similar experience, when wayward children have left home and brought disgrace upon themselves and their families. It is recorded that a few years ago a body of a young man was found in the Mersey. On a paper in his pocket were written the words: "A wasted life. Do not ask anything about me. Drink was not the cause. Let me die, let me go." Within a week the coroner received over 200 letters from fathers and mothers all over England asking for a description of the young man.

If young people would but remember the love of their parents or it is too late.

In a similar way men, women and children have run away from God, not once, not twice, but some a hundred times. We have grieved our heavenly Father over and over again. God condemns our transgressions. He loathes our sins. But His mercy is ever new, ever ready to forgive and to receive back. He has shown that love by giving His own Son to suffer and die for us. "God commandeth His love toward us, that while we were yet sinners, Christ died for us."

And He is ready to receive us back. The dauntless shame of disobedience has been met by the overwhelming surprise of Divine forgiveness. Today His mercy calls us. Today, God stands ready to receive us.

Return, O wanderer, return. And seek an injured Father's face. Yes, return, O wanderer, return. Come to Jesus and learn how freely He forgives.

EAST NOTES

(From Our Own Correspondent)

Mr. and Mrs. Alfie Thompson were business visitors in Calgary one day last week.

Best wishes are being sent out to Mrs. Alfie Thompson, who has been ill with the flu. Also to Mrs. Harold Shells, who is a patient in Didsbury hospital.

Mr. and Mrs. P. Schumaker and Gloria, were recent Sunday dinner guests with Mr. and Mrs. Phil Andrews and Don, the occasion being the latter's birthday.

Mr. and Mrs. Pat Spraggs were Sunday visitors with relatives in the neighborhood. Mr. and Mrs. Cecil Cippierley and family, Gerry Cippierley and a girl friend, and Mrs. Conrad Lesemer, were Sunday callers on Mr. and Mrs. Alfie Thompson and Beverly. Mr. and Mrs. Stanley Schumaker motored to Brooks and Vauxhall for the weekend. While there they called on Mr. and Mrs. Kenneth Tighe and family.

Mrs. Thomas Marsh is a patient in the Vaulen hospital.

Mr. and Mrs. Alfie Thompson visited at the Cippierley home last Monday to wish Mr. Clarence Cippierley all the best on his 75th birthday.

DEFTLY DEFINED ! ! !

Car Schenck: The feeling you get each month when the payment's due.

Road Map: A book of etiquette showing motorists which fork to use.

Heirloom: Some old thing nobody liked well enough to use.

Bus: A vehicle that has empty seats when going in the opposite direction.

Intuition: The ability women have to read between the lines on a blank page.

Poise: The ability to remain calm and at ease in a barber chair, with your mouth full of lather, while your new hat is being taken off the hook by another fellow.

Notes From D.A.

By Howard J. Fulscher

In colder weather heat lamps are often used to provide warmth and dryness. This source of heat is good and many winter farrowed pigs can be saved.

Fire hazards can arise by careless use of infra-red heating lamps. Temperatures of 660 degrees were measured on the face of the lamp and 312 degrees F. in the socket. In tests using a 250-watt lamp, straw litter was ignited where the lamp was held one inch away. At three inches it charred, and scorched six inches.

These heat lamps can be of great value or they can be hazardous. In using them with pigs a 250-watt lamp can be used, having it 20 inches above the bedding. If larger lamps are used, increase this distance. If the lamp is located so the sow can get under it, have a 250-watt lamp 18 to 24 inches above the sow's body.

Lamps should be suspended on chains if there is any possibility of falling, and protected by a hood with a lower hoop. The hood will cause the unit to roll over if it should fall and keep the lamp from contacting the litter, and the hood protects it from breakage.

Since high socket temperatures are also fire hazards the hoods should have openings around the top to provide circulation for cooling. Porcelain sockets are usually cooler than plastic sockets.

The service, cord, too, should be made of heat resistant material that will not deteriorate when exposed to heat as will ordinary rubber installations.

Infra-red lamps are very useful for providing heat but always should be used in a safe manner.

Midway News

(From Our Own Correspondent)

The fourth room of the Midway school was opened recently to relieve the congestion caused by the large enrolment this term.

Mrs. Leemann of Sunnyslope is one new addition to the teaching staff at Midway.

Mrs. Harold Shells has been hospitalized the last few days and we hope she will be back to her normal teaching position soon.

Annie McCulloch has enrolled as a student in St. Mary's Girls' school in Calgary.

Miss Beth Thomas of Red Deer was home last weekend to attend the 25th anniversary of her parents. The September meeting of Bancroft W.I. was held at the home of Mrs. Bob Fisher, with 12 members and one visitor present. Plans were made to hold a dance in the latter part of October.

Little Items of Local Interest

Mr. and Mrs. Vernon Olmstead of Carberry, Man., were Friday visitors at the home of the latter's sister, Mrs. Fred Burwell and Mr. Burwell.

Mrs. Albert Lissel spent the weekend in Calgary visiting with Mr. and Mrs. P. Trublakoff.

Mr. and Mrs. Riley Moon and family, and Mr. Wilbert Berscht, of Nanton; Mr. and Mrs. Howard Berscht and Rose Tower, of Calgary; and Mrs. Clifford Berscht and family of Bowden, were Sunday visitors at the home of Mr. and Mrs. Ed Berscht.

Mr. and Mrs. Ralph Scarlett visited with the former's parents in Innisfail last weekend.

A showing of Civil Defence films will be held in the school auditorium on Tuesday, October 1st. There will be no admission and all are welcome. Starting time: 8:00 p.m.

Mr. and Mrs. P. D. Liesemer and daughter Alice, of Mildmay, Ont., were weekend visitors with Mr. J. V. Berscht.

The regular meeting of the Canadian Legion Ladies' Auxiliary will be held on Thursday, Sept. 26 at 8:30 p.m. in the Lions hall.

LAC Richard Law is home on leave from Cold Lake. Richard will return to the R.C.A.P. station at that point following his leave and shortly after will be posted to a station in Europe.

Word was received here Wednesday of the death of Mrs. I. Patterson, of Tisdale, Sask. Her daughter, Mrs. Leo LeGrand is in Tisdale at the present time and Mr. LeGrand, Marlene and Vaughn left Wednesday to attend the funeral services.

Among those returning to resume their studies at the University of Alberta at Edmonton are Miss Pat Halliday, Mr. Lyle Ford, Mr. Norman Archer and Mr. Don McNaughton. A first-year student this year will be Bill Witzke.

Mr. Ken Stiles will attend the Vermilion School of Agriculture this year and Miss Rachel Maiklen has entered the Lethbridge hospital to take her training in nursing.

MELVIN NOTES

(From Our Own Correspondent)

We are pleased to report that Mrs. Spurrell was able to leave the hospital on Sunday and is again at the home of her daughter, Mrs. Lloyd Fischer.

Donnie McNaughton left last week to attend the University of Alberta at Edmonton where he is taking an engineering course. Sympathy is extended to the Kynel family on the death of Mrs. Kynel Sr., who passed away on Saturday morning. Mr. and Mrs. Frank Kynel of Edmonton, Mr. and Mrs. Eddie Krebs (Lillian) of Vancouver, and Mr. and Mrs. Tom Allen (Helen), of Prince George motored home for the funeral, and Johnny Kynel of Vancouver came by plane.

Harmattan News

(From Our Own Correspondent)

Mr. and Mrs. Mac Chaffey are visiting at the home of their son-in-law and daughter, Mr. and Mrs. Bob Turnbull.

Miss Sharon Goodman of Calgary was a weekend visitor at the home of Mr. and Mrs. M. A. Kithia.

We are pleased to hear Mr. A. Noakes is coming along nicely after undergoing surgery in a Calgary hospital. Mrs. Noakes accompanied him to Calgary.

Correction in last week's announcement: Mr. and Mrs. Vic Johnston were receiving congratulations on the birth of a son, Sept. 15.

Harmattan Home and School Assoc. held its September meeting at the school on September 23. The executive meeting was reported and the new executive includes: Mrs. G. Kolstad; finance, Mrs. H. Moore; hospitality and membership, Mrs. A. Walldorf; social, Mrs. Jim Johnston. A motion was given by the executive to give the winning room \$100. to be used for books, etc., as well as the pennant each month. It was decided to give a talk on "Fluoridation" next month. Mrs. Konechuh's room won the pennant for this month. The president then presented Mrs. Konechuh with an electric clock to be used in her room for the largest attendance of parents for two years.

Miss Darlene Dodd was awarded nine for the highest marks in grade nine.

Mr. Mike Knights then gave a talk on first aid and it was thought the group should contact St. John Ambulance to have a course in first aid this winter.

FALLEN TIMBER

(From Our Own Correspondent)

(Last Week)
A surprise birthday party was held at the home of Mrs. Emma Wright in honor of her son Lenard, on Sunday, Sept. 15, when some 70 guests gathered to wish him many happy returns of the day.
